

Category 1: Numerical

Question 1 (1 point): Count the number of chairs with pillows on them.

Response: Print 6 in terminal.

Category 2: Object Reference

Question 2 (1 point): Find the bowl on the table closest to the folding screen

Response: Bounding box of the object

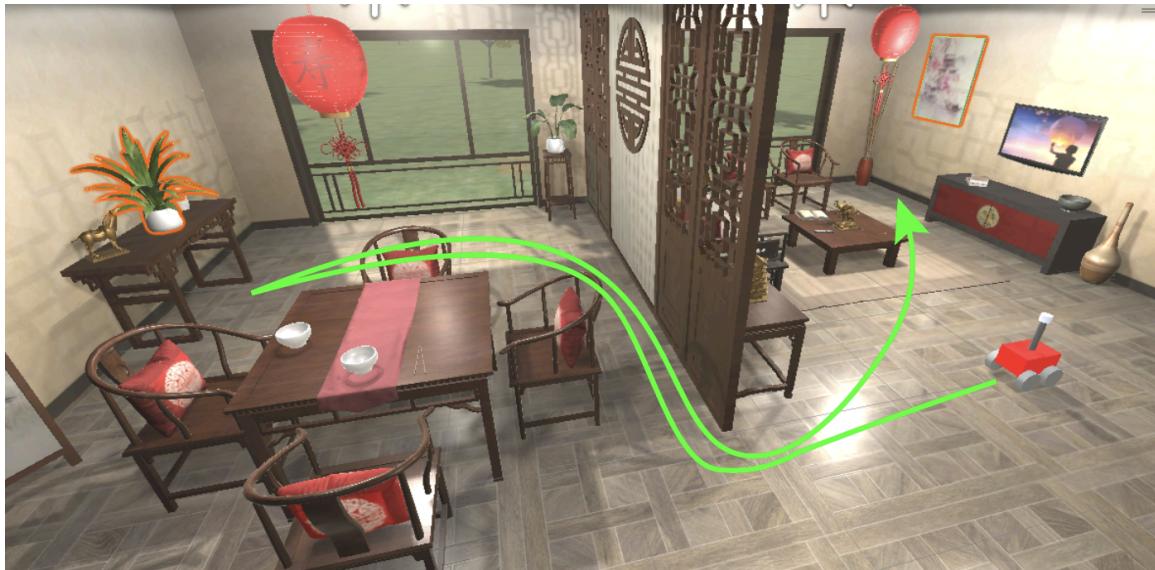

Question 3 (1 point): Find the pillow on the chair that is closest to the TV

Response: Bounding box of the object

Category 3: Instruction Following

Question 4 (2 points): Go near the potted plant on the table and stop at the painting near the TV.

Response: trajectory (series of waypoints)

Question 5 (3 points): First, go near the tea table with the elephant figurine on it, then stop at the table with the horse figurine on it, avoiding the path between the chair and the folding screen.

Response: trajectory (series of waypoints)

Note: The number of points of a question is based on the number of steps in the response. For example, Question 5 expects 3 steps in the response and is worth 3 points. The score is calculated as the number of correctly responded steps.
